

Software withdrawal: IBM Informix selected products

Table of contents

- 1 [Overview](#)
- 1 [Replacement program information](#)
- 6 [Announcement countries](#)

Overview

Effective on the dates shown, IBM® will withdraw from marketing, part numbers from the following product releases licensed under the IBM International Program License Agreement:

Program number	VRM	Withdrawal from marketing date	Program release name
5725-B41	11.70.0	11/12/13	Informix® Choice Edition
5724-C24		11/12/13	Informix Connect Runtime ended Edition
5724-Z04	11.70.0	11/12/13	Informix Express® Edition
5725-A40	11.70.0	11/12/13	Informix Growth Edition
5724-I35	3.70.0	11/12/13	Informix JDBC Driver/Embedded SQL
5725-A39	11.70.0	11/12/13	Informix Ultimate Edition

On or after that date, you can no longer obtain these part numbers directly from IBM . You can obtain these part numbers on an as-available basis through IBM Remarketers.

Replacement program information

Effective **November 12, 2013** , IBM will withdraw from marketing the following products licensed under the IBM International Program License Agreement. A replacement product and availability date is listed if one is available.

Informix Choice Edition is being discontinued. Clients with existing Informix Choice Edition entitlements will have their entitlements automatically migrated to Informix Growth Edition. Clients requiring a migration to an product should contact their renewal representative.

The Floating User Single Session Single Install (FUSI) licensing metric is being discontinued. Clients with existing entitlements based on the FUSI metric will automatically be converted to the Authorized User Single Install (AUSI) metric at the rate of two AUSI's per FUSI. Clients requiring a migration to an alternate metric or product should contact their renewal representative.

The JDBC driver is being discontinued as a standalone product. Clients with existing entitlements for the JDBC driver will be automatically migrated to the Client SDK, which now includes the JDBC driver.
