Description

IBM Cognos Express V10.2.1 provides midsize companies and workgroups with consistent, reliable information to answer three critical business questions: How are we doing? Why? And what should we be doing? With insights drawn from answering these questions, managers can make better, faster decisions to drive greater efficiencies, reduce costs, and identify new growth opportunities while minimizing the impact on IT.

IBM Cognos Express includes everything needed for organizations that are starting out or expanding their business intelligence and planning capabilities. Both novice and advanced users can easily leverage the powerful yet easy-to-use capabilities to encourage broad adoption throughout an organization.

IBM Cognos Express now offers full mobile support, advanced visualization capabilities that leverage Rapidly Adaptive Visualization Engine (RAVE) technology, richer support for Microsoft integration, enhanced scorecarding capabilities, platform extensibility improvements, as well as several add-ons leveraging IBM Cognos TM1® and dynamic query capabilities.

IBM Cognos Express V10.2.1 will be the last version to support conformance for the following:

- Data sources
  - Microsoft SQL Server 2000 and 2005
  - IBM DB2® 9.1
- Operating systems and clients
  - Microsoft Windows™ Server 2003 SP2 R2
  - Microsoft Windows XP
  - Microsoft Windows Vista
- Identity management
  - Microsoft Active Directory 2003 and 2003 R2
- Browsers
  - o Microsoft Internet Explorer 6.0 SP2

IBM Cognos Express V10.2.1 will be the last version to support the following features:

- IBM Cognos Express Advisor and IBM Cognos Express Data Advisor

IBM Cognos Express V10.2.1 no longer supports the following:

- IBM Cognos TM1 Top
- IBM Cognos TM1 Workflow
- IBM Cognos TM1 Advanced Rule Editor
- Microsoft Internet Explorer 6 SP2
- Microsoft Internet Explorer 7
- IBM Cognos TM1 Portlet
- IBM Cognos Express support for 32-bit Microsoft Windows as server

Charge metrics definitions

Authorized User

Authorized User is a unit of measure by which the program can be licensed. An Authorized User is a unique person who is given access to the program. The program may be installed on any number of computers or servers and each Authorized User may have simultaneous access to any number of instances of the program at one time. Licensee must obtain separate, dedicated entitlements for each Authorized User accessing the program in any manner directly or indirectly (for example, via a multiplexing program, device, or application server) through any means. An entitlement for an Authorized User is unique to that Authorized User an may not be shared, nor may it be reassigned other than for the permanent transfer of the Authorized User entitlement to another person.

Note: Some programs may be licensed where devices are considered users. In that case, the following applies. Any computing device that requests the execution of or receives for execution a set of commands, procedures, or applications from the program or that is otherwise managed by the program is considered a separate user of the program and requires an entitlement as if that device were a person.

Install

Install is a unit of measure by which the program can be licensed. An install is an installed copy of the program on a physical or virtual disk made available to be executed on a computer. Licensee must obtain an entitlement for each install of the program.

Terms and conditions

The information provided in this announcement letter is for reference and convenience purposes only. The terms and conditions that govern any transaction with IBM are contained in the applicable contract documents such as the IBM International Program License Agreement, IBM International Passport Advantage Agreement, and the IBM Agreement for Acquisition of Software Maintenance.

Licensing

IBM International Program License Agreement including the License Information document and Proof of Entitlement (PoE) govern your use of the program. PoEs are required for all authorized use.

Part number products only, offered outside of Passport Advantage , where applicable, are license only and do not include Software Maintenance.

This software license includes Software Subscription and Support (also referred to as Software Maintenance).

Limited warranty applies

Yes

Limited warranty

IBM warrants that when the program is used in the specified operating environment, it will conform to its specifications. The warranty applies only to the unmodified portion of the program. IBM does not warrant uninterrupted or error-free operation of the program or that IBM will correct all program defects. You are responsible for the results obtained from the use of the program.

IBM provides you with access to IBM databases containing information on known program defects, defect corrections, restrictions, and bypasses at no additional charge. For further information, consult the IBM Software Support Handbook found at

  http://www.ibm.com/support/handbook

IBM will maintain this information for at least one year after the original licensee acquires the program (warranty period).

Program technical support

Technical support of a program product version or release will be available for a minimum of five years from the general availability date, as long as your Software Maintenance is in effect. This technical support allows you to obtain assistance (via telephone or electronic means) from IBM for product-specific, task-oriented questions regarding the installation and operation of the program product. Software Maintenance also provides you with access to updates (modifications or fixes), releases, and versions of the program. You will be notified, via announcement letter, of discontinuance of support with 12 months' notice. If you require additional technical support from IBM , including an extension of support beyond the discontinuance date, contact your IBM representative or IBM Business Partner. This extension may be available for a fee.

Money-back guarantee

For clarification, note that if for any reason you are dissatisfied with the program and you are the original licensee, you may obtain a refund of the amount you paid for it, if within 30 days of your invoice date you return the program and its PoE to the party from whom you obtained it. If you downloaded the program, you may contact the party from whom you acquired it for instructions on how to obtain the refund.

For clarification, note that for programs acquired under the IBM International Passport Advantage Agreement, this term applies only to your first acquisition of the program.

Statement of good security practices

IT system security involves protecting systems and information through prevention, detection, and response to improper access from within and outside your enterprise. Improper access can result in information being altered destroyed or misappropriated or can result in misuse of your systems to attack others. Without a comprehensive approach to security, no IT system or product should be considered completely secure and no single product or security measure can be completely effective in preventing improper access. IBM systems and products are designed to be part of a comprehensive security approach, which will necessarily involve additional operational procedures, and may require other systems, products, or services to be most effective. IBM does not warrant that systems and products are immune from the malicious or illegal conduct of any party.
